

About the band

Zajzon GT

Gabor Zajzon and Tamas Zajzon.

The concert program consists of songs from Jethro Tull and their own musical compositions. It can be defined as acoustic progressive folk-rock. The voice of Tamas and the sound of his mandolin plus Gabor's exquisite guitar playing and back-up vocals create a unique atmosphere. The piano played by Tamas makes songs like Aqualung, Locomotive Breath and some others even more convincing. The mood of their songs fits very well to those of Jethro Tull.
